

# WILDWOOD

---

JACKET AND VEST | INTERMEDIATE | SIZES 0 - 34 | #6003

HELEN'S CLOSET

PATTERNS

Note: pattern includes three length options for both the vest and the jacket. High-hip, low-hip, and mid-thigh. Low hip length is shown above. See [page 3](#) for illustrations of each length.

The Wildwood Jacket and Vest is the ultimate quilted garment pattern. Learn how to sandwich layers of fabric and batting together to create a lovely quilted textile that you transform into a cozy and versatile layering piece. Wildwood features unique overlapping shoulder and side seams, making it an easy pattern to adjust for your preferred fit. The edges are bound with bias tape that can be sewn in a contrast fabric for an outlining effect. Roomy patch pockets are the perfect size and shape, and Wildwood closes in the front using snaps. This is a medium-weight jacket or vest that is perfect for transitional seasons and for layering.

### Notions

- Thread (2-4 spools)
- 5-7 1/2" (1.3 cm) snaps
- Vest: 1 meter 1/4" (0.6 cm) elastic
- 1/2" Double fold bias tape (see [page 7](#) for requirements)
- Quilting pins (optional)

### Sewing Skills Learned

- Attaching double fold bias tape
- Quilting

### Difficulty

Intermediate

### Sizes

0-34 US

### Fabric Recommendations

Light to mid-weight fabrics with no stretch (3-6 oz) for both the outer fabric and the lining. Cotton, flannel, linen, wool, and hemp are all good choices. Use the batting of your choice for the middle layer. If you are using cotton and polyester batting, the vest/jacket will be washable and dryable. Silk or wool batting will need to be hand washed or washed on a gentle cycle. Pre-quilted fabric is also a great option for Wildwood.

Wildwood offers the option to make a jacket or a vest. There are three lengths for both options, creating six different versions total! You can also customize the length as desired. See the finished garment measurements on [pages 5 & 6](#) for length in inches and centimeters.

**High-hip length**

*Higher pocket placement*

**Low-hip length**

*Lower pocket placement*

**Mid-thigh length**

*Lower pocket placement*

This pattern has been drafted for a 5'6" (168 cm) tall person

### Choosing a size

We recommend that you **choose a size based on your bust/chest measurement**. Due to the way the garment is constructed, the hip fit can be easily adjusted. If you are between sizes, you can size up for an oversized look or size down for a slimmer fit.

Refer to the finished garment measurement charts on [pages 5 and 6](#) for more information.

	18	20	22	24	26	28	30	32	34
<b>Bust/Chest</b>	44	46	48	50	52	54	56	58	60
<b>Waist</b>	36	38	40	42	44	46	48	50	52
<b>Hips</b>	46	48	50	52	54	56	58	60	62

*In this example, this person would make a size 24 and adjust the final fit during construction. For more information on grading and other pattern adjustments please refer to page 8 of the instruction booklet.*

<b>meters</b>	2.6	2.8	3.5

**Batting Requirements**

All sizes and views require a twin size batting (72" x 90" / 183 cm x 228 cm).

**Bias Tape Requirements (1/2" wide, double fold)**

The bias tape requirements listed are for pre-made tape. The same amount is required for both jacket and vest. Jacket (view B), please allow ~4 meters/yards extra if you are planning to bind the interior sleeve and armhole seams. If you prefer to make your own bias tape, you will need ~ 1 yard of fabric (57" or 45" wide).
